

MULTITHERM

Item Number 4688582

Digital dual probe thermometer with an integrated and an external probe.
For temperature measurement at different measuring points.
Suitable for different applications.

- Fast response time
- LCD backlight
- Ice water calibration (0 °C) possible
- Alarm function
- Auto Off: Unfold the probe to turn the unit on and fold it in to turn it off
- Magnet as fixing aid

Technical Data

Material	ABS
Colour	black
Standards	CE REACH
RoHS Conformity	Yes
Battery	Coin cell battery CR2032
Measured Variables	Temperature
Scope of Supply	Battery
Packaging	Blister
Accuracy	+/- 1 °C
Temperature measuring range	-50 °C - 300 °C
Temperature Units	°C | °F
Temperature Resolution	0.1 °C
